CONNECTED & TOGETHER

It will be an opportunity to discover the brand new collections **Archimarble 2** by Cerdisa, **Fine** by Ricchetti and **Fluids** by GCR.

You will be able to admire again some of the new products presented at Cersaie 2022 too, such as **EC1/22** by Cerdisa, **Neolitica** and **Dream Pure** by Ricchetti, **The Wild Spirit** by Roberto Cavalli Home Luxury Tiles and, finally, the most eccentric ceramic surface called **Frames** by GCR.

Worth continuing to follow and admire even after the event, so stay tuned in to the world of GCR and its products: **stories of projects designed with people and their needs in mind.**
