SYN

SYNTHESIS
SYNERGY
SYMBIOSIS

SYN is our idea of **SYNTHETIC NATURE**: ceramics that have had their dignity restored as an **original material**, surfaces as brand-new chemical elements, bonded by **elective affinities** that reinterpret nature from the perspective of design.

Collections designed to be combined, blending symbiotically to give rise to **complex spaces** which, in their most perfect expression, become **synergistic creations**.

SYN è la nostra idea di **NATURA SINTETICA**: ceramica che ha ritrovato la dignità di **materiale originario**, superfici come nuovi elementi chimici, legati da **affinità elettive** che rileggono la natura con le chiavi del **design**.

Collezioni pensate per combinarsi, fondendosi in maniera simbiotica per dare vita a **spazi complessi** che diventano in realtà armoniose **creazioni sinergiche**.

Retro Pure

16

A work of **pure invention**, an unrivalled expression of the **latest generation of industrial design ceramics. An homage to sculpture** which takes shape through some of its most commonly-used - but not everyday - materials: ivory, crystal, plaster, tinged with marble-effect veining and concrete-like mottling.

Striving to render their shapes, their movement, their transparency, their light effects on a large-size porcelain surface, making use of Ricchetti's T2D technology to showcase both the material and the graphic depth and obtain **an unusual finish, with an aged effect that appears hand-carved** _____

Una **pura invenzione**, espressione compiuta della **ceramica industriale di design di ultima generazione. Un omaggio alla scultura**, che prende forma attraverso alcuni dei suoi materiali più utilizzati, comunque non consueti: l'avorio, il cristallo, il gesso, contaminati da venature effetto marmo e screziature cementizie.

Cercando di renderne le forme, i movimenti, le trasparenze, i giochi di luce su una superficie in gres stesa in grandi formati, adottando la tecnologia T2D di Ricchetti per evidenziare la profondità materica oltre che grafica e per ottenere **una finitura insolita, dall'effetto anticato, come fosse modellata a mano** _____
